

# KAZI™

## WHAT IS KAZI AND HOW DO I SAY IT?

We took the hottest and hippest drink out there and gave it fresh taste, major drinkability and brought it to you in a bottle. Open your mouth and say – “Kah-Zee”

## WHY?

Because you've been very, very good... *haven't you?*

## NICE COLORS...BUT WILL MY MOUTH LIKE IT?

For those who love the classics, there's Original with major lime action, a hit of grapefruit and just a little sweetness. For the adventurous among us, there's the refreshing zing of Cranberry with a quick squirt of lime and a potent dose of magic.

## DOES KAZI MATCH WHAT I'M WEARING?

Good question...of *course* it does.

## WHO'S DRINKING IT?

Bold adventurers, just like yourself, who are thirsty for a unique alternative to everything else on the shelf.

## WHERE CAN I DRINK KAZI?

KAZI's the right choice for the beach or the bomb shelter, the Bingo parlor or the bachelor party – anyplace where parched people get together for good times.

## WILL IT MAKE ME IRRESISTIBLE TO A POTENTIAL MATE?

Hmmm...it depends on if that special someone is thirsty. But just like a lucky rabbit's foot, KAZI definitely can't hurt your chances.
